SEND & Inclusion Policy – Holiday Camps

At Let's Leap, we want every child to have a **safe, positive and enjoyable experience** at camp. We welcome children with additional needs and will always consider what reasonable adjustments can be made to support their participation.

Holiday Camps can be very different from the school day, so it is essential that we understand your child's needs before they attend.

Before Your Child Attends

Parents/carers must provide full and accurate information about any needs that may affect their child's participation or the support they require, including:

- SEND
- Behavioural or emotional needs
- Medical needs
- Communication or sensory needs
- Personal care requirements
- Any other additional support received at school or elsewhere

If your child has additional needs or may require extra support, please email inclusion@letsleap.co.uk as early as possible before their first day at camp.

Reasonable Adjustments

Each child is considered individually. We will work with parents/carers to understand what reasonable adjustments may help their child participate safely and successfully.

We may consider the child's individual needs, the camp environment, activities, facilities, staffing, supervision and the safety and wellbeing of everyone attending.

Where needs have not been shared in advance, we may need to delay, review or suspend attendance if we cannot safely and appropriately meet those needs.

One-to-One (1:1) Support

If your child receives 1:1 support at school, they will also require 1:1 support at Holiday Camp.

Parents/carers must notify our Inclusion Team at inclusion@letsleap.co.uk at least 20 working days before the child's first day at camp so we have enough time to arrange suitable support.

If we do not receive written notification within this timeframe, your child will not be able to attend camp.

In some cases, Let's Leap may decide that a child requires 1:1 support at camp even if they do not receive this support at school, as the camp environment can be very different. Where this applies, we will discuss this with the parent/carer.

Cost of 1:1 Support

Where dedicated 1:1 support is required, an additional charge of **£160 per day** applies to cover the cost of a dedicated Let's Leap Activity Leader.

This is charged in addition to the standard daily Holiday Camp booking fee.

Why Advance Information Matters

Providing us with full information in advance allows us to properly plan for your child's attendance and make sure they can participate safely, feel supported and enjoy their Let's Leap experience.

If you are unsure whether your child's needs should be discussed with us, please contact:

inclusion@letsleap.co.uk

We're always happy to have a conversation before camp and work together to understand your child's needs, plan the right support and help make their Let's Leap experience as positive and enjoyable as possible.
